

Creating Suicide Safety in School

This six-hour workshop provides exposure to best practices in suicide prevention and assists schools with developing building- and district-wide policies, procedures, and implementation plans for suicide prevention. The workshop provides your school's planning team – which may include administrators, school health and mental health professionals, school counselors, nurses, and community providers – with an opportunity to develop an action plan via small and large group discussions. Participants receive valuable templates and resources for implementation of their customized action plan.

This interactive workshop is offered via Zoom and consists of 3 two-hour sections.

When: Wednesday and Tuesday, December 9 and 15, 2020

Section 1: Understanding suicide and how we frame prevention

Wednesday, December 9, 10:00am – 12:00pm

Section 2: Model for school suicide prevention – assessing your school's strengths and needs

Wednesday, December 9, 1:00pm - 3:00pm

Section 3: Creating an implementation plan

Tuesday, December 15, 8:30am – 10:30am

Please click on the link below to register and order your materials. Participant materials will be shipped to you.

Please provide your home address for shipping of materials if it is possible you will be working remotely.
